

Construire la francophonie avec les élèves : Quelle didactique de l'oral dans les pratiques enseignantes et de formation au Maroc ?

Lila LAMROUS

Abstract: This article focuses on the situation of French as a Foreign Language in Morocco; special attention is paid to the oral comprehension techniques. Our main idea is that the French-speaking culture is built in schools, by teachers, with the help of their students.

Keywords: Morocco, French, French as a Foreign Language, oral comprehension.
